4. International Patent Publication No. WO 00/13034, dated March 9, 2000.

The references were cited in an Official Action dated December 18, 2002, received from the Japanese Patent Office. Applicant is submitting copies of the above-cited references, together with a translation of the Examiner's comments regarding the references from the Official Action. The relevance of the references is described in the Official Action. Please note that three additional references, namely, Japanese No. 9-281212; No. 6-213998; and No. 9-130861 cited in the Japanese Official Action, and numbered therein as Reference Nos. 1, 2 and 5 are neither listed, nor enclosed herewith as they were previously submitted in the Information Disclosure Statement dated August 9, 2001.

In compliance with the requirements of 37 C.F.R. §1.98(a)(3), as a concise statement of relevance, as it is presently understood by the individual designated in 37 C.F.R. §1.56(c) most knowledgeable about the content of the information, the undersigned attorney of record submits a translation of portions of an official action by a foreign examiner in which the references were cited. The relevance to the pending U.S. patent application is that the references were cited in a foreign patent application on the same subject matter. However, no independent analysis of the references, the accuracy of the statement of the foreign examiner or the claims of the foreign application under the laws of that country or the United States relative to the subject matter claimed in the present application has been made; the present understanding of the contents thereof by the undersigned being based on the translation of the foreign examiner's comments submitted herewith.

Inasmuch as this Information Disclosure Statement is being submitted in accordance with the schedule set out in 37 C.F.R. § 1.97(b), no statement or fee is required.

Respectfully submitted,

A handwritten signature in black ink, appearing to be 'P. Esatto, Jr.', written in a cursive style.
